CLAIMS SERVICE

The Company is committed to a claims service of the highest standard in respect of all our clients' needs.

We recognise the importance of a personal claims handling service in order to meet the ever changing and diverse nature of our clients requirements.

It is the proper and efficient handling of a potential claim circumstance which really differentiates the service provided by Insurance brokers.

Our reputation has been founded on Binding Authorities, but we can also seek open market placements for these classes of business. Territories currently covered are Canada, Australia and New Zealand but we are happy to consider other countries as well.

The team has more than 20 years experience in the marketplace and has established successful long term relationships with leading Lloyd's syndicates. This has provided BGH with the expertise and unrivalled access to place competitive facilities.

Being a specialist boutique team means we can offer full support in obtaining Lloyd's Coverholder status and ultimately a Lloyd's Binding Authority contract.

BGH also has its own dedicated claims department, enabling us to provide a complete service to all our clients.

In addition, BGH operates a Canadian 'in-house' underwriting facility contract for Miscellaneous Professional Liability & Medical Malpractice. This facility enables us to focus on smaller businesses, as we are able to offer limits up to \$5,000,000 with premiums starting from as low as \$1,000. Unlike many of our competitors, we have the capacity to quote (within 24 hours) and issue (within 7 days) on these classes and on a prior submit basis General Liability and Directors & Officers Liability.

If you are interested in discussing a new contract, our 'in-house' facility in depth or access to the open market in London or require additional information including proposal forms and example wordings then please contact:
