## RENEWABLE ENERGY FACILITY

### A revolution in Renewable Energy insurance

With over 20 years experience in insurance broking and risk management services to the industry, Windsor is widely acknowledged as one of the market leaders in delivering bespoke insurance products and services.

### Insurance is available for renewable energy projects including:

- Wind - Onshore & Offshore
- Solar- Photovoltaic Cells & Active Solar Thermal
- Water – Hydro, Wave & Tidal
- Fuel Cells & Hydrogen
- Bio Fuels & Biomass
- Energy From Waste
- Biogas - Landfill & Anaerobic Digestion

### Our experience is your guarantee

Windsor has negotiated exclusive market facilities with reputable underwriters in the Lloyd's and company markets, each with a wealth of experience as well as a specific understanding of the risks involved in this expanding sector.

Our renewable energy facilities provide competitive pricing and comprehensive insurance protection for:

- Marine
- Transit
- Construction
- Operation
- Combined Liabilities

### Windsor Insurance is with you every step of the way, from Transit...

## RENEWABLE ENERGY FACILITY

### Windsor Partners Ltd

Windsor Partners Ltd is part of the Windsor group which can trace its origins back to 1933. The company has established itself as a unique, niche, independent Lloyd's accredited Insurance broker, which offers a range of both retail and wholesale insurance services.

We operate out of five offices in the UK, one in Guernsey and one office in Hamburg, employing over 200 staff and are authorised and regulated by the Financial Services Authority.

### ...to Final Operation...

All risks cover includes cover for risks such as fire, lightning, malicious damage, storm, theft, accidental damage, subsidence, electrical and mechanical breakdown for all wind farm equipment.

Reinstatement cover with generous inflation provision.

Loss of gross revenue including an inflation provision.

Extensions are available to cover failure of power to the site, of supply to customers and of supply to customers where their premises are damaged.

### CLAIMS SERVICE

The Company is committed to a claims service of the highest standard in respect of all our clients' needs.

We recognise the importance of a personal claims handling service in order to meet the ever changing and diverse nature of our clients requirements.

It is the proper and efficient handling of a potential claim circumstance which really differentiates the service provided by Insurance brokers.

### Liabilities

Employers', Public, Products and Pollution.

Contingency cover available to cover the activities of subcontractors.

### Extensions

Marine impact where equipment is offshore.

Offshore risks - tidal wave, anchor drag and waterborne war risks.

Electrical and mechanical breakdown risks where the manufacturer's warranty has expired.

### Additional contracts are available such as:

- Contract legal expenses
- Contract bonds
- Reinstatement Bonds
- Wind and Wave Derivatives

### Business Insurances

We are also able to provide insurance solutions for Manufacturers, Contractors, Developers, Operators and Consultants involved in the renewable energy industry, including:

- Business property
- Personal Accident and Sickness
- Loss of income/revenue
- Business Travel
- Employers', Public & Products Liability
- Directors and Officers Liability
- Professional Indemnity
- Motor Fleet
